MOTOROLA, INC.; QUALCOMM, INC.;
FREESCALE SEMICONDUCTOR, INC.;
and ATI TECHNOLOGIES, ULC,

Defendants.

No. C 12-692 CW

AND ALL RELATED COUNTERCLAIMS

The parties have moved to seal various documents that they submitted in connection with the license-based dispositive motions filed in the above-captioned actions. After resolving some of these motions to seal, the Court referred the remaining motions to seal to the Special Master for adjudication. See Docket No. 1075

1 in 05-4063. At that time, the Court also asked the Special Master
2 to reconsider whether there are compelling reasons to seal the
3 license agreements at issue in these cases. The Court noted that
4 it might revisit its earlier orders granting permission to seal
5 those agreements following the Special Master's consideration of
6 the issue.

7 Because the related motions to seal remain pending, the Court
8 provisionally files under seal its orders regarding the
9 license-based dispositive motions until the motions to seal are
10 resolved. Within two weeks of the date of this Order, Plaintiff
11 Tessera, Inc. shall file in the public docket redacted versions of
12 the orders resolving the license-based dispositive motions. In
13 those versions, Tessera shall redact all material that has been
14 designated as confidential by a party or a non-party, is at issue
15 in a motion to seal related to these dispositive motions and has
16 not already appeared in the public docket of this action. Prior
17 to filing the redacted versions, Tessera shall provide a copy of
18 their proposed redactions for approval to each party or non-party
19 that has designated material related to that order as
20 confidential.

21 IT IS SO ORDERED.
